PROGRAMS

Meal preparation and distribution: We have partnered with The Mathile Institute for Human Nutrition to develop nutritious pre-packaged meals. The meals have been scientifically proven to meet the specific nutritional needs of children and other at-risk populations. Community organizations, businesses and individuals donate funds for the raw materials needed for these meals and volunteers create the meals at packing events. The meals are then distributed to local food banks and pantries or to community feeding programs in emerging nations. In 2014, more than 2 million meals were distributed, 854,788 of them in Indiana.

FUNDRAISER

Events are held throughout the year with sponsors supplying the 25 cents needed to prepare each meal, plus a donation for travel expenses.
