

# Final-leg funding

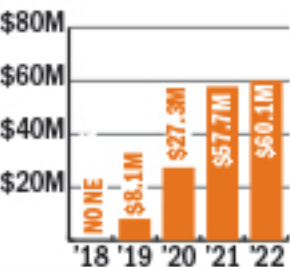

The last section of the I-69 project—a 26-mile stretch between Martinsville and I-465 in Indianapolis—will cost \$1.5 billion. About one-third of that is included in Gov. Eric Holcomb's five-year Next Level Roads Plan. Here's how much money will be released for work in each county:

## Morgan County

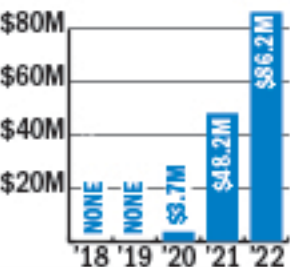

Total: \$263.0 million

## Johnson County

Total: \$153.2 million

## Marion County

Total: \$138.1 million
