## **PROGRAMS**

**Before- and after-school programs:** The YMCA is the largest provider of child care in Indianapolis and surrounding communities. After-school programs are in more than 120 sites. The Y incorporates its four core values of caring, responsibility, honesty and respect as part of all its youth services.

**Diabetes prevention:** Individuals at high risk for developing diabetes attend 16 group sessions with a trained lifestyle coach, who helps them change their lifestyle through behavior modifications. Participants then meet monthly to help them maintain their progress. The program, which began in Indianapolis, is now being implemented by Y's in six other cities.

**Day and resident camps:** Provide children with summer adventures that promote a healthy spirit, mind and body. Children spend time indoors and outdoors as experienced staff lead campers in a variety of activities, including arts and crafts, games, skits and songs, sports, and swimming. A healthy-kids curriculum, which covers nutrition, exercise and positive self-image, is incorporated into all youth programs.

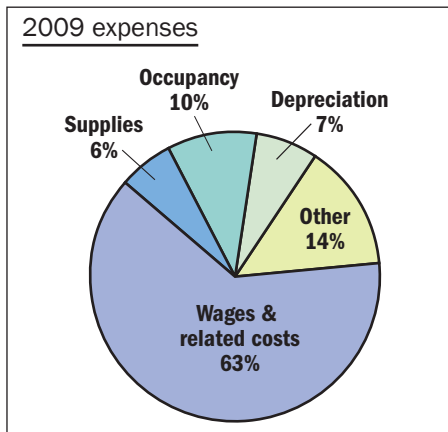

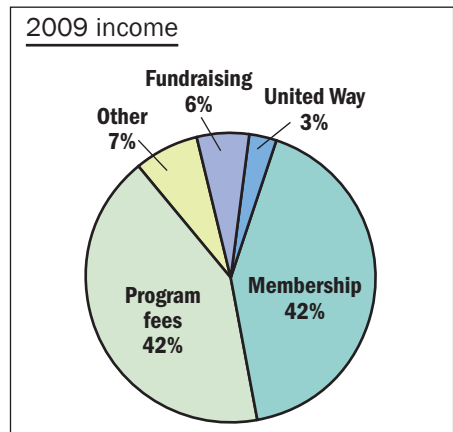

## **FUNDRAISER**

The 2009 annual campaign raised \$1.9 million.
