## PROGRAMS

**Crisis intervention and support services:** Advocates are available 24 hours a day, 365 days a year to provide crisis intervention by phone and in person, including on-site response to area hospitals. Advocates meet with clients to discuss safety planning, action plans, referrals, victim compensation and basic legal needs. They also help navigate the justice system. Support groups provide restorative services to domestic violence and sexual assault victims of all ages. To promote self-sufficiency, advocates assist with job search and placement and job support.

**Prevention services:** Prevail believes prevention begins with education. To help deter repeat offenses, Prevail partners with the Hamilton County Probation Department to provide quarterly victim impact panels. The Safe Dates program educates middle school students about dating violence and healthy relationships in the hope of preventing future violence.
